Meet Patricia Bradley, RN

Millenium Home Health Care's Outstanding Nurse for 2011

By Bridget Elias, Recruiter, 888-666-6008.

Since Patricia Bradley, RN, arrived in 1998 at Millenium Home Health Care more than 13 years ago, she has consistently personified the hallmarks of the Medicare home health provider. Pat brings a unique and tireless patient focus to all of her work, both personally and professionally.

She also conveys a wealth of knowledge, experience, and superior skills to each patient case she manages. Her commitment to her patients' well-being is exceptional. A true patient advocate, she is very attentive to each patient's and caregiver's needs. She is very patient and understanding when instructing a patient in their care. We hear on a regular basis from patients thanking us for sending Pat to care for them in their time of need. We receive numerous letters from family members regularly, praising the outstanding care she provided.

Here are just some quotes from Pat's patients or their families:

- 👉 *"Pat Bradley has truly been an 'Angel' in our lives.... Her caring and compassion is shown in everything she has done."*
- 👉 *"Pat, I say it sincerely, is a very compassionate and caring person and does a thorough job covering all bases. This is what first class nursing is all about."*
- 👉 *"Pat is extremely conscientious, persistent and has made a notable difference in my Father's quality of life. Pat is an asset to Millenium Home Health Care."*

Pat Bradley is just as committed to the home care team of which she is a part. She mentors new staff and sets an excellent example of a true home care nurse: to be kind, caring, organized and very knowledgeable on current practices in the industry. She continually communicates with patients, caregivers, doctors, and the care team to ensure the patient's care is excellent, high quality and appropriate. Commitment like this is one of the major reasons the nursing team has been recognized by the HomeCare Elite™ for the last three years. HomeCare Elite™ identifies the nation's top 25% home care providers, ranked by an analysis of performance measures in quality outcomes, quality improvement and financial performance.

Patricia Bradley's commitment is also boundless. She helps out whenever called upon. It is typical for Pat to help, to cover a patient's visit, or to cover a coworker's schedule for a day without notice, no matter which geographic area when needed.

Kathy Yost, RN, Vice President, Millenium Home Health Care, said, "Pat has been a nurse for almost 45 years and has touched the lives of thousands. She has worked in hospitals, psychiatric facilities, and provided hospice services. However, I believe that her greatest achievements have been in the home care setting. The countless hours of teaching that Pat has provided to clients and families have allowed those individuals to stay in their homes where they want to be instead of having to go into facilities. She was the first nurse hired by Millenium when we began, and she has been an inspiration to all of us and a very special part of our organization. Any patient who has had her as their nurse in the past will always request her if they or another family member has a need. I am very proud to have Pat Bradley represent Millenium Home Health Care."

Millenium Home Health Care is a Medicare-certified provider of home health care services which provides care for patients in Delaware, Montgomery, Philadelphia and Bucks counties in southeastern Pennsylvania; the Wilkes-Barre/Scranton region; and in expanding service areas. For Information about Careers at Millenium Home Health Care, please phone: **888-666-6008**.
